# SHOESHINE SHENANIGANS AND OTHER SILLY STUFF!

A little penguin goes into a small store and asks the manager, "Do you have any grapes?" The manager tells him, "No," and the penguin walks out. The next day, the penguin returns to the store and asks the manager, "Do you have any grapes?" The manager again tells him, "No," and the penguin leaves. This goes on for a week, every single day, and the answer is always the same- "No, we don't have any grapes!" On the eighth day, the manager is really annoyed when he sees the penguin waddle into the store. Before the penguin can open his beak, the manager yells, "If you ask me one more time if we have grapes, I'm going to nail your flippers to the floor!"

But instead, the penguin asks, "Do you have any nails?" Relieved, the manager says, "No, we don't have any nails."

So the penguin says, "In that case, do you have any grapes?"

A man goes to the doctor and tells him that he's in great pain. The doctor asks him,"Where does it hurt?" So the guy points to his shin, and shouts out in pain. He then points to his elbow, and again shouts, "Ouch!" He points to his head, and again yells, "Oww! That hurts, too!" It seems like everywhere he points, it hurts. The doctor can't figure out what is wrong with the man, so he tells him to go to see a specialist to diagnose his ailments.

Two weeks later, the doctor calls the man to see how his appointment with the specialist went. The man exclaims, "He found out what was wrong with me! My finger was broken!"
